

## Tom Green

Tom Green is one of the UK's most talked about new broadcast talents. Currently heading up the flagship KISS FM Evening show 6 nights a week bringing guests, lols and personality back to the time slot.

2017 was an amazing year for Tom. In February he hosted The Bauer BRITs Show alongside Melvin O'Doom, live across the UK on KISS FM, BC1, Heat & 4Music. This saw Tom interviewing the likes of Ed Sheeran, Stormzy and Little Mix backstage. His interviews racked up more than 5.3 million views in the first week.

In summer he presented a TV show for KISS FM with Katy Perry to a live studio audience and also flew to LA with Disney and KISS to help promote new film *Thor: Ragnarok*. He video-blogged the whole experience and interviewed Jeff Goldblum alongside Chris Hemsworth - both conversations involving Donner Kebabs - weirdly. On top of this, he interviewed Sam Smith at Aire Studios, where Sam's second album was recorded.

Another major passion of Tom's is DJing. He currently holds down a residency at WHYNOT in Edinburgh and he regularly plays to crowds up and down the UK. In 2017 he also DJ'd at the legendary Tramlines festival in Sheffield. Tom can also be found hosting on the red carpet and interviewing actors for Odeon UK.

Tom's TV credits range from multiple appearances in The Real Housewives of Cheshire and covering E-Sport's Counter Strike Global Offensive globally.

Before KISS FM, Tom was a regular on the Capital FM Network. He dep'ed on Yorkshire Drive-time for four months and covered the breakfast show throughout the year. Making him the youngest presenter ever to do so. This led to him taking on The Hits Radio Breakfast Show, live across the UK, every morning for two years and becoming one of the Radio Academies 30 under 30.

Now living in London, 23 year old Tom has a lot more to give. Watch this space.
